### Reader reviews of the first edition:

*'The most comprehensive and readable book on the subject I have seen.'*

*'This is an excellent book. The format is ideal for a busy person like me: the chapters are short, to the point and can be read and absorbed in a period of 1/2-1 hour per session.'*

*'Makes learning the basics of Bridge dynamic and exciting, unlike other books, where the reader spends the first half of the book counting points and memorizing bids.'*
