Appendix C – ACBL Convention Card.....	200
Appendix D – Cheat Sheet and Index.....	201

PLAY THE SYSTEM NATIONAL CHAMPIONS PLAY

Over the last 20 years a consensus bidding system among American national champions has been chosen and is now the *lingua franca* for hundreds among the pro circuit, top junior players and strong tournament players. This book will introduce you to the system, called Standard Modern Precision (or SMP), with lots of examples, quizzes and real-life hands bid by actual world champions.

Part 1 covers the basics, and provides a working knowledge of the system so you can start playing and winning right away. A partnership may choose to continue on to Part 2 (The Full System) or Part 3 (Optional Gadgets). Also included are step-by-step instructions for setting up hands to practice on Bridge Base Online and a cheat sheet for reference when bidding.

It's time to start winning with the high-octane system that more tournament players are using, just like the pros.

DANIEL NEILL has been helping bridge students reach their potential for 15 years through his website www.bridgewithdan.com. When not competing nationally, he provides insight into experts' thoughts as a popular vugraph commentator on Bridge Base Online. His interest in showcasing unique or complex bidding styles has led to a library of over 80 systems and treatments, serving as a valuable resource to both students and seasoned players alike.
